

We Sign™

3 New Exciting Products!!

Babies & Toddlers 2

We've taken our most successful product and made it even better! Now with 12 songs to sign and sing with your baby. Over 50 new words to sign. Plus, a new easier-to-use format that makes *Babies and Toddlers 2* a must have for your collection. Imagine being able to teach your baby how to clearly express their wants and needs, often before their first birthday! Experience your toddler having up to twice the usable vocabulary by the age of three! Signing with ASL allows babies to communicate and toddlers to develop an enthusiasm for learning. No previous experience is necessary for you to bring the gift of language to all children.

- Baby Songs Tracks.
- Easy-to-follow and clearly demonstrated signs.
- Practical how-to information.
- Reduces tantrums and parent/child frustrations.
- Promotes early communication and language development.
- Choose as many or as few signs you wish to use from our top 30 words or from the over 250 featured signs.
